Review of Results (RoRs)

Awarding bodies will only accept requests for reviews of marking from centres and not from candidates or their parents.

Centres must obtain written candidate consent for clerical re-checks and reviews of marking.

Candidates must be aware that marks and subject grades could go down as well as up.

Service 1 (Clerical re-check)

This service will include the following checks:

- that all parts of the script have been marked
- the totalling of marks
- the recording of marks

A clerical re-check is normally completed within 10 calendar days of the awarding body receiving the request.

Only Service 1 clerical re-checks can be requested for objective tests (multiple choice tests).

Service 2 (Review of marking)

This is a post-results review of the original marking to ensure that the mark scheme has been applied correctly. A marking error can occur because of:

- an administrative error
- a failure to apply the mark scheme where a task has only a 'right' or 'wrong' answer
- an unreasonable exercise of academic judgement

A review of marking is normally completed within 20 calendar days of the awarding body receiving the request.

The service is available for externally assessed components of both unitised and linear GCE AS, A-level and GCSE specifications.

This service will include:

- the clerical re-checks detailed in Service 1
- a review of marking as described above

Service 3 (Review of moderation)

This is a review of the original moderation to ensure that the assessment criteria have been fairly, reliably and consistently applied. It is not a re-moderation of candidates' work.

A review of moderation is normally completed within 35 calendar days of the awarding body receiving the original moderation sample.

Access to Scripts (ATS)

Centres may request copies of scripts to support reviews of marking or to support teaching and learning.

Prior written permission will be obtained from any candidate where the centre intends to request his/hers script(s).

Copies of scripts can normally be provided within one week of the request being submitted.

If you would like to request a post-results service, payment must be made via BACS before the request can be submitted. Requests cannot be processed until payment has been received. The post-results service deadline is 24 September 2025.
