

April 2023

Dear Parent/Carer,

During the summer term, there will be end of Year 9 assessments for the core subjects from 9 to 11 May 2023.

Students have been given a revision timetable where they have been asked to cross out any days where they know it will not be possible to revise and then to input maths, English, Science into the remaining days. Below is a link to all the topics that each student needs to study and revise. I recommend that each student keeps a checklist of topics completed and revisited. Students will be taught revision techniques during form time when students return after the Easter holidays.

Firefly link: <https://friernbarnet.fireflycloud.net/exams-2/y9-end-of-year-exams>

Your child should be revising about an hour a day, taking regular breaks and drinking lots of water. Getting a head start is a great way to boost confidence and motivation.

Yours faithfully

Ms Thomas
Head of Year 9
